The latest fascinating and innovative performance by Sioned Huws Dance Company, based on motion capture extracts and unpremeditated movement, the solo dancer (rising star Chloe Loftus) continually loses herself and finds herself again within an interactive environment of sensors, sound, video and light. The dancer's movement reflects her own culture and fragilities, beauty and incertitude of everyday actions.

"Chloe Loftus displays an enchanting grace and beauty as well as a touch of humour and a faultless athleticism that makes us gasp, gently." Michael Kelligan

A coproduction with Chapter Stuidio, Cardiff, U.K. realized in collaboration with ICA London U.K., Teatro Melico Salazar San Jose, Costa Rica and funded by The Arts Council of Wales and Wales Arts International
